History of the Museum

The late Richard and Hasell Atwell started their collection in Calne where they lived for the whole of their lives. It began with the purchase of the 1937 Buick Albermarle, which is still at the Museum. Soon the original collection of cars grew, first by the addition of the 1934 Vauxhall 14/6, then with the 1931 Singer Junior and others followed.

In 1989 the main hall of the Museum was completed, followed by the final expansion in 2003 funded by a grant from the Heritage Lottery Fund. The Museum now houses over 100 cars and motorcycles. In addition there is a 1930's style garage plus cycles and a good range of motoring memorabilia.
